ARMENTIERES HAS BEEN EVACUATED BY THE BRITISH WHILE GERMANS DRIVING IN FROM THE SOUTHWEST ARE STRUGGLE TO PUSH ON TO MESSINES RIDGE THE KEY TO THE BRITISH LINE.

SEVERAL TIMES FOE ATTAINED RIDGE BUT BRITISH FORCES IN COUNTER ATTACK RETAIN THE HIGHLY PRIZED POSITION

SHRINKAGE IN TOTALS OF SUBMARINE CAMPAIGN COMPELS OFFICIALS TO USE EXTRA PRECAUTIONS WITH TRANSPORTS NOW CARRYING THREE TIMES AS MANY AMERICAN TROOPS AS FORMERLY.

(By Associated Press Dispatch)

Armentieres has been evacuated by the British, while the Germans, driving in from the southwest of the town are struggling to push forward in the area southwest of Messines Ridge, the keypoint of the British line in Flanders.

The Germans are reported to have pushed on to Messines Ridge several times during the fierce hand to hand fighting. Each time the British came back with effective counters and today were still holding the ridge.

West of Armentieres the enemy has pushed the fighting to the limit and once succeeded in driving three miles beyond the Lys to La Creche.

There was a similar hard fight for Lestrem at the western tip of the German salient on the river Lawe. The Germans worked their way into this place yesterday, but were unable to move further and ultimately were driven out and back across the Lawe.

The evacuation of Armentieres had been forecasted and discounted as the place is without strategic value.

On the northern battlefield American soldiers, the vanguard of a large force, have joined the British army. The first force was only a battalion, but other American contingents are moving forward rapidly. General Pershing's men were greeted enthusiastically.

Another drop in the sinking of allied merchantmen by German submarines is noted in current reports. The British losses of six ships, including four of more than 1600 tons, is next lowest weekly total since February, 1917. It is believed in Washington that the falling off in submarine effectiveness is due to the fact that the Germans are turning their attention from merchantmen to transports. Precautions taken regarding departure of American troops for Europe are three times greater than sometime ago.

Paris, April 11.—(Associated Press Cable)—A German attack in the Champagne last night was broken up by the French fire. On the principal battle front there was heavy artillery fighting between Montdidier and Noyon.

AMERICANS VANQUISH THE BOCHES ATTACKING PARTY COMPLETELY ROUTED

With the American Army in France, April 11.—(Associated Press Cable)—American troops on a sector north-west of Toul just before sunrise, yesterday, April 10th, completely repulsed the heaviest German attack yet made on American forces.

Brilliant work by American gunners dispersed the German infantry before they reached the wire entanglements and those of the enemy who got into the wire were accounted for with machine gun and rifle fire.

The German attack came after a violent artillery bombardment of three days. A large number of the enemy is believed to have been killed or wounded. The attack continued for nearly two hours. The Americans lost no prisoners. Two German prisoners said the enemy planned the attack with a force of 800 men, but that it was stopped in its full strength by the effective fire of the Americans.

BRITISH EVACUATE ARMENTIERES

London, April 11.—(Associated Press Cable)—The British have withdrawn from Armentieres on the northern battle front, the war office announces. Violent fighting continues all along the front from LaBasse canal to the Ypres-Combrines canal.

On the front north of Armentieres heavy fighting was continuing late last night. There was little change in the British positions.

MAY BE CANDIDATE

FRANCIS J. HENY

Francis J. Heney, who acted as special counsel for the Federal Trade Commission during the recent investigation of the Chicago packing industry, has resigned that post and started for his home in California. It is reported that he will shortly announce his candidacy for the Governorship of that state.

HONOR FLAGS GRANTED TO OHIO TOWNS

Seventy Flags Awarded in Fourth District.

Three Towns Have Star in Center, Indicating Doubling of Quota.

By Associated Press Dispatch.

Cleveland, O., April 11.—Seventy honor flags have been awarded in the Fourth Federal Reserve district to date to towns which gained them in the third Liberty Loan campaign by raising their quotas in a limited time and three towns have gained added distinction by placing a star on the banner by doubling their quotas.

In addition to Tronton, Gibsonburg, in Sandusky county and New Lebanon in Montgomery county, entered the honor ranks yesterday by doubling their apportionment.

SOME HEAVY BATTLES IN NORTH SECTOR

British Making Invaders Pay Dearly for Every Advance.

(By Associated Press Cable)

With the British army in France and Belgium, April 11.—The fighting was continuing this morning north of Armentieres with the British still holding Messines Ridge and Witchaete, which yesterday changed hands several times.

During the day the enemy succeeded in not only entering these positions but La Creche, Nippe and Solebeke. Vigorous counter attacks forced the Germans from all these places.

The Germans this morning were in possession of about half of the village of Ploegferdt and Ploegferdt Wood on the Flanders front just to the north of Armentieres.

BIG TOTALS REGISTERED

By Associated Press Dispatch.

Washington, April 11.—Liberty Loan subscriptions officially reported today from eight of the 12 Federal Reserve districts for the first three days of the campaign amounted to \$212,005,250. The New York district contributed \$157,200,000. Districts not reporting were Dallas, Minneapolis, Richmond and Philadelphia.

It was said figures to be compiled later in the day probably would show a much higher total.

DOES ANYONE KNOW THIS ANDERSON?

'Tis Said He Is the One Who Carried on Negotiations for Peace with Austria.

(Associated Press Cable)

London, April 11.—Negotiations regarding the possibility of peace between the United States and Austria-Hungary have been carried on between Professor Anderson, of Washington, and Count Stephen Tisza, and Count Julius Andrássy, former Hungarian Premier, according to a Vienna dispatch to the Berlin Tagblatt, as quoted in an Exchange Telegraph message from Copenhagen.

The dispatch also says the Austro-Hungarian foreign office admits various attempts have been made to obtain a general peace, and that Emperor Charles had negotiations with several persons who have international connections.

UNKNOWN IN WASHINGTON. By Associated Press Dispatch. Washington, April 11.—No one in official circles in Washington could identify today the Professor Anderson reported to have carried on negotiations with Austrian representatives. At the State Department it was declared no such person had been authorized to conduct negotiations regarding peace.

IRISH HOLD FOR RIGHT TO BE HEARD ON CONSCRIPTION

Captain Redmon, in Military Uniform, Addresses House of Commons.

(Associated Press Cable)

London, April 10.—Irishmen maintain the right to say whether they shall be conscripted or not, Captain William A. Redmond, son of the late John E. Redmond, declared today in his first speech in the House of Commons since he was elected to the constituency formerly held by his father. His speech was made during discussion of the man power bill.

The captain was in military uniform and occupied his father's old seat in the House. In 1914 he said Ireland was almost ablaze with enthusiasm on the side of the allies, but the sentiment of the Irish people had since changed toward the war, owing to distrust of the British government and in the words of British ministers.

By the government's present action the Ireland of tomorrow, he said, would be in open hostility to the war.

THE CASUALTY LIST TODAY

By Associated Press Dispatch.

Washington, April 11.—Today's casualty list from General Pershing contains 124 names. As announced by the War Department, it shows one man killed in action; two dead of wounds; five of accidents and 13 of disease. Sixty-nine men were severely wounded and four were reported missing.

SENDS A MESSAGE TO AMERICAN WOMEN

QUEEN ALEXANDRA.

Queen Alexandra has sent the following message to the women of the United States.

"As president of the British Red Cross Society, I wish to send to the women of our great ally, the United States of America, a message of greeting upon the first anniversary of America's entry into the war. It is my earnest prayer that God in His merciful providence may guide and guard our righteous cause."

NAVAL BASE ESTABLISHED ON AZORES BY THE U. S.

By Associated Press Dispatch.

Washington, April 11.—For the protection of the Atlantic trade routes to southern Europe the United States, with the consent of Portugal has established a naval base on the Azores Islands.

Guns have been landed to begin fortification of the station which in addition to being used as a naval base for American submarines, destroyers and other craft, also will serve as an important homing station for American airplanes, a number of which already have been assembled there.

BIG BRITISH STEAMSHIP IS SENT DOWN

Minneponka, 13,528 Tons, Sunk in Mediterranean in February.

New York, April 11.—The big British steamship Minneponka, of 13,528 tons gross register, and formerly in the New York-London passenger service for the Atlantic Transport Line, was sunk by a German submarine in the Mediterranean during February, the Maritime Register reports today.

MILLIONS IN POPULATION

(Associated Press Cable) Petrograd, April 10.—Under the terms of the peace treaty the commissioner of commerce announces Russia has lost 780,000 square kilometers of territory with 65,000,000 inhabitants, or 32 percent of the population of the country.

FIRST GOVERNOR

By Associated Press Dispatch.

El Paso, Texas, April 11.—William McDonald, first governor of the state of New Mexico, died here today of Bright's disease. He was 60 years old.

\$325 NETTED BY RED CROSS IN BIG SALE

Big Auction of Pythian Sisters and Knights of Pythias Proves Too Much for One Evening, and Another Auction Will be Held to Dispose of One Half of Goods Donated.

The Red Cross Auction held under the auspices of the Pythian Sisters and Knights of Pythias lodges, in the big dining hall of the Pythian Castle, Wednesday night, netted \$325 for the Red Cross and nearly one-half of the big line of goods donated was left for a second auction which will be held Wednesday night of next week, at 7:30.

The extent of the goods donated was a general surprise, and indicated the deep interest taken in the movement, but the prices brought by many articles was so low that in many instances the articles sold for less than one-third of their value. However other articles disposed of brought several times their true value, and aroused deep interest in the auction.

Proceeding the sale Hon. Frank C. Parrett delivered an address in which he brought the war home to the 300 persons assembled, and painted a vivid picture of the part the American forces are playing in the war, and the close relation of the civilian to the soldier—how each man, woman and child left at home must do their part, and that upon the manner in which the civilian does his part will decide the result of the war just as much as the soldier in the trench. He spoke for fully 30 minutes, and was succeeded by Attorney A. C. Patton, who spoke briefly and eloquently on the duty of every loyal American citizen.

Auctioneers R. T. Scott and Maynard Eckle then took the stand, and with a few timely puns, opened auction. The good humor of the two auctioneers was contagious and did much toward keeping the bidding lively. Many articles were sold over and over until they brought several times their true value. "Sell it again!" was a popular cry throughout the evening. A Boston terrier given by Mayor Greath, of Bloomington, brought \$36.

The articles consigned to the auction ranged all the way from an apron to a sturdy calf which punctuated the remarks of the auctioneers and speakers with a pronounced "Baa-aaa."

Many amusing incidents occurred during the period the auction was under way, and some of the "buyers" are still wondering if they really winked at the auctioneer, or whether he made a mistake in taking their bid.

It was nearly eleven o'clock before the sale came to an end, and it was announced the remainder of the goods would be sold at another auction. The next auction is to be held Wednesday night of next week, and will be followed by dancing.

The Committees which did their work so well and are deserving of

much praise, were composed of Messrs Chas. Gardner, Herman Price and Stanley Schneider, for the Knights of Pythias, and Mesdames Glenn Speaks, Joe Gillespie and Bert Bevans for the Pythian Sisters. Both committees were assisted by tireless workers from the ranks of the women.

RED CROSS DISPLAY

A feature of pre-eminent interest in connection with the auction was the display made by the Red Cross in one of the reception rooms of the Castle.

With the purpose of giving to those not familiar with the work being done by the Red Cross information, a display from the Red Cross work shop, the Surgical Dressing's Shop and from the Mothers' Circle was assembled and personally in charge of Mrs. Eva J. Penn, chairman of the Red Cross work shop, and a number of leading Red Cross workers. Mrs. D. H. C. Bowen was chairman of the committee.

The exhibit was viewed by hundreds, who were given a definite idea of what is being done from the perfectly made hospital garments and surgical dressings; the hospital appliances and the Belgian Baby Layettes.

There was much interest in the electrical cutting machine, which was constantly in operation.

The women, all in the uniform of Red Cross Nurses and the character of the garments all bearing the Red Cross stamp, brought added realization of the need for the money which the Pythian Sisters and Knights of Pythias were making so generous an effort to raise through the Red Cross Auction.

DANCE BRINGS IN GOOD SUM

The dances which followed the Auction added a nice sum to the total and was an event of the utmost Terpsichorean pleasure to over two hundred and fifty dancers, chiefly younger people.

It was the general opinion that the big ball room had never looked as beautiful. Not only the flags of our own nation, but those of our allies were employed in great number, the larger ones draping the walls and pillars and smaller ones unfurled and forming revolving wheels—the effect an inspiration to the gay scene.

The music was splendid. Misses Marion Whelpley and Mary Ellen Briggs at the piano and Miller trap drums.

SHIPMENT OF YARN

A new shipment of yarn for socks has been received at the Red Cross work shop and will be given out to any knitters who call for it. The need of socks is great "over there" and women are asked to continue knitting them as fast as possible.

NEW DEPARTMENT OF STUTSON STORE FORMALLY OPENED

Big Line of Dinnerware and House Furnishings, Domestic and Imported, Added to Stutson's Department Store—Large Portion of Basement Is Devoted to New Lines.

In the opening of their new Dinnerware and House Furnishings Department on Thursday, The Frank L. Stutson Co. once more demonstrated its right to enrollment in the list of foremost progressive department stores and showed, in all its beauty and completeness, one of the greatest additions among the many which have combined to crown the Stutson store with its conspicuous success.

It is certainly a splendid department well worth seeing and that it will spring into instant popularity is a foregone conclusion, if the admiring comments of the day's numerous visitors, many drawn from neighboring towns and remote distance, is an indication.

The new department is stocked and equipped upon an elaborate scale in accord with the completeness of the entire establishment and brings to our city a mammoth assortment that is on a par with metropolitan stores in its extent and successfully rivals many of them in the skill with which selection has been made and the artistic taste shown in its arrangement.

The entire rear section of the immense basement has been given over to it and amid attractive settings and harmonious decorations women revealed in the beautiful Dinnerware and numerous articles so indispensable to the well kept up home.

Naturally the tables upon which sets of Dinnerware were placed drew instant attention and were well worth inspection.

The assortment of English Porcelain, French and Japanese China is especially remarkable this season, when imported China is difficult to secure and rich and beautiful as these are, there is a keen rivalry in the

large assortment of Domestic China. The rapidity with which Domestic China has come forward since the war is astonishing and many of the patterns are unusual and extremely pretty. The selection is one which provides for all tastes and all purses.

But, if the Dinnerware claims first attention, other lines come in for a full share and through all convey the knowledge that quality reigns supreme; that the very best which the market affords is shown.

Everything to be desired in the house furnishings line is here—things that attract the eye from the double standpoint of usefulness and beauty—a large line of bathroom white enamel and nickel fixtures and many of the novelties found only in the largest retail stores—appealing little novelties that delight housekeepers.

There is attractive showing of every thing in the popular Pyrex—the cooking glass now becoming indispensable, another section stocked in newest Thermos bottles and Ciraflacs; and one of the sections most practical in its appeal turned over to an immense display of Aluminum ware—the highest grade that money can buy.

These are only a few of the special lines with which the new department is fully stocked.

Perhaps the thing that most impressed the hundreds of visitors of the day was the high standard of the department—the quality basis which was as evident as the fact that active brains busy hands and trained tastes had been employed in the assembling of so spacious and complete a department.

CONGREGATIONAL MEETING TONIGHT

There will be a Congregational meeting at the First Presbyterian Church tonight at 7:30 o'clock.

Annual reports of the year will be read. Two trustees are to be elected as the time of office of Mr. Elmer A. Klever and Mr. R. S. Quinn expires.

FUNERAL SERVICES ARE ANNOUNCED

Funeral services of Mrs. Martha L. Rodgers will be held Friday afternoon at 2 o'clock, from the McNair Memorial Church.

Burial will be made in Washington cemetery.

FAYETTE COUNTY IS GOING SOME!

Chairman M. S. Daugherty, of the Fayette War Work Council, has received congratulations from the district chairman of the War Savings Stamp Committee, in which he declares Fayette's pace in the sale of war savings stamps is hard to follow.

The telegram says: "M. S. Daugherty, Chairman. 'Your organization and people of your county are certainly setting the pace in Ohio difficult to follow. Fayette's rank in per capita sales on March 28, among 88 counties, was seventh. We offer sincere congratulations. You deserve distinguished service medal for War Savings activity.'"

"WOLF, Chairman."

PREPARING LIST OF DRAFTED MEN

At the present time the Local Board is busily engaged in selecting the list of men who will form Fayette county's next contingent to the fighting forces to be turned out at Camp Sherman, and who are to go to Camp Sherman April 26th, or within five days thereafter.

The work of selecting the men is not an easy task, as eligibles who are actually engaged in farming, and have been for some time, must be passed by for the present, and only those who are not engaged in such vital work are chosen to form the contingent.

The contingent will contain no farmers unless they volunteer for such service.

Care is being taken to make sure that each man who claims exemption from the present contingent on account of agriculture, is really entitled to temporary exemption.

ATTENTION COMRADES

There will be a regular meeting of John M. Bell Post 119 of Department of Ohio, G. A. R. Saturday, April 13, 1918 at 2 p. m. at Post room. All comrades please attend.

VERMIN-INFESTED "BO" ORDERED OUT

A foreigner, giving the name of J. E. Hermann, and claiming to be from Switzerland, although he was strongly suspected of being a German alien, faced Judge Frank M. Allen—or rather didn't face him—Thursday morning, and was given 30 days in the workhouse and \$200 and costs for train riding and vagrancy. This was suspended providing the fellow hurries from the city.

Hermann was the worst vermin-infested prisoner arraigned in this city in many years, and was so "alive" with "cuties" that he could not have been more so had he spent a month in the trenches.

When Judge Allen learned of the condition of the "bo" he would not permit him in the office, but handed out the fine and costs while the fellow was in the custody of the officers.

ANOTHER HIKE PLANNED

The society of boys at the Y. M. C. A. known as the Christian Army, is planning to take a hike to Jasper. Start to be made from the Y. M. C. A. promptly at 9:30 if weather is favorable. All boys between the ages of 8 and 16 whether members of this society or the "Y" are invited to go.

The boys shall be commanded by Captain Clark Kershner and one Lieutenant Selby Gerstner and other officers.

The Christian Soldiers is a new organization and is the out come of a Bible class organized at the "Y" some weeks ago. The society meets on each Wednesday of the week at 7 o'clock. All boys whether members of "Y" or not may belong. Last evening the time was very much enjoyed by drilling, marching, and religious services conducted by their chaplain.

Every \$500 Liberty Bond will buy 98 pairs of shoes or 467 pairs of canvas leggings.

ASK INJUNCTION TO STOP TEARING UP OLD TRACKAGE

Legal action to prevent Joseph Bros Company and the Hartman-Rutledge Company from tearing up the old C. H. & D. railroad tracks between Berlin in Jackson county and Dean in Lawrence county, and for damages in the sum of \$300,000 has been started in the Lawrence county courts by the Lawrence County Realty Company. The defendants are the purchasers of the C. H. & D. between the two points above named, and purchased the road for the purpose of junking that section of it.

The suit is based on the claim of plaintiffs that the defendants have no authority on their lands, which comprise some 13,000 acres in the vicinity of Dean, and through which the railroad runs for a distance of approximately six miles.

The suit also is based upon the assumption that the original grantees of the right of way of the old Toledo, Delphos and Burlington Railway Company failed to fulfill their agreement for a right of way across these lands, and consequently have no tenure in same.

The plaintiff recently purchased the tract, formerly known as the McGugin lands, and claims that the property on the right of way to be removed is valued at \$300,000.

"SELL IT AGAIN."

The Angora Cat, purchased at the Red Cross Sale at the K. of P. Hall last night will be "sold again" and all the proceeds donated. See H. R. Roeder at once for private sale.

One United Foe

The American troops have taken their places in the great battle lines of the allies in Flanders where humanity is trying and, thus far, successfully to check the attacks of the Huns.

With British and French detachments in Italy and Italian troops in France fighting side by side with British, French and Americans in the common cause of civilization, there is the constant reminder to allies and Huns that the alliance of world is a hard and fast one—one which will endure until the struggle is won.

The Huns meet on all fronts the same alliance, the same soldiers of civilization, shoulder to shoulder, and their diplomatic endeavor to create dissension which, with a looser alliance, might avail, is checked right at its inception.

While an Austrian offensive, on a sarge scale, is expected in the mountain passes of Italy, and while Italy is ready—has, in reality more troops than necessary, the British and French maintain a strong detachment of troops.

The grain has been separated from the chaff in the awful grind of war and down now to the decisive struggle, there is but one foe confronting the Huns—that foe is humanity without regard to nation.

Encouraging Information

Speaking in Washington on Monday the Earl of Reading made some rather startling and decidedly encouraging statements of fact, disclosing just how the U-boat campaign has failed to fulfill the promises made for it and disclosing a part of the tremendous activities of the allies—Great Britain, France and the United States.

He stated that since the war began thirteen million men have been transported across seas and landed in the war zones, despite the activities of the submarine and that, of that staggering total of men transported, only thirteen thousand have been slain by the piratical U-boats—only one-tenth of one per cent.

Not only that, but more than one hundred and thirty million tons of commodities have been carried across the seas by the allies for the armies in the field.

These statements are a conclusive answer to the unreasoning critics who complain because "nothing has been done."

The work accomplished by the allied nations would have been marvelous even if peace had reigned, and when we consider that all this vast work has been done during the confusion of the greatest war the world has ever known and, too, in the face of a practical submarine campaign which has disregarded all rules of civilized warfare, all international law and trampled, rough shod, on every law of humanity.

The cloak of absolute secrecy, which the voluntary censorship has cast about every activity, has given rise to all sorts of wild fears and permitted all sorts of wild statements to circulate without official denial.

Now that the people are being told by the Earl of Reading, by Secretary Daniels and Secretary Baker, just what a great work has been done and is being done, there is a decidedly different impression prevailing.

There is nothing which tends more strongly to create fear and give rise to complaint among a free people, than to keep them in the dark as to what is being done.

Developments at Vladivostok

Endeavoring to maintain a friendly attitude toward the Russian people, in spite of the wretched plight into which the fanatical Bolshevik leaders have plunged them, the landing of Japanese and British troops at Vladivostok, for the purpose of protecting life and property, and the appeal of the Bolsheviks to this nation to protest the action, has placed the United States in an embarrassing position.

The Bolsheviks are absolutely as powerless to preserve order in the far away Siberian seaport city of Vladivostok as it is to preserve order in Petrograd or Moscow. Great Britain and Japan, thus far, are wholly within their rights and are doing no more than their duty. Until the Russian people can bring some semblance of order out of present chaos, and present to the world a government of demonstrated ability to maintain order, appeals of unreasonable adventurers and international anarchists, who have overturned all authority, should fall on deaf ears.

Our sincere sympathy with the Russian people must not lead us into the error of joining with irresponsibles. We cannot afford to become advocates of a no government regime. Not only is the United States precluded, by Russia's own fault, from, consistently, protesting the action of Great Britain and Japan but, at this time, it seems difficult to see just how it can fail to give their proceedings at Vladivostok positive approval.

Poetry For Today

GET THAT BIRD
 There's a tough old hawk a flyin'
 In our fair Ohio skies,
 Who is mocking and is jeering
 For he thinks he's pretty wise.
 He's the Thrift Stamp Quota given
 To the Buckeye State to sell
 He believes that he has mounted
 To the stars where he will dwell.
 So he's screeching in his glory
 Sure that he can never fail;
 Thinking he's so elevated,
 That we can't reach him at all;
 Always bragging of his safety
 Like a stuck up hawk will do;
 He continues his high flying,
 Never fearing me or you.

But, let's try to stop his boasting
 By a big War Savings Sale
 They'll be making and he jeering
 In Berlin, if we should fail.
 So get out your Thrift Stamp cannon
 Point its nose into the sky;
 We can kill the biggest quota
 That can find the wings to fly.
 Though his feather are all dollars,
 And there be a billion worth;
 We can shoot our quarter bullets,
 'Till he tumbles down to earth.
 Now put on your Thrift Card armor;
 To your neighbor pass the word
 Buy a Thrift Stamp every morning
 For we have to get that "bird."

GERMANS OCCUPY LESTREM

London, April 11.—(Associated Press Cable)—The Germans pushed on yesterday from Croix du Bac southwest of Arrantieres and parties of them are reported in the neighborhood of Steenwerk, about five miles west of Arrantieres. Reuters' correspondent at British headquarters reports.
 Yesterday noon the enemy occupied Lestrem, but in the course of the afternoon the British drove him out and across the river Lawe.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes
 —Most Women Can Have
 Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.
 If you have a pale face, hollow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

Social and Personal

The Men's Bible Class of the First Baptist Church held their regular monthly business meeting and social last Monday night at the hospitable home of Mr. and Mrs. R. J. McLean. Several matters of vital interest to the class and church were considered and action taken. There was a large attendance. This was the first meeting where refreshments were omitted as a war measure. But there was a fine flow of reason and a feast of soul and a delightful social hour following the business session.

Married at the residence of the officiating minister, Rev. G. L. Hart, Mr. Edward Christy, and Mrs. Nellie Washburn at 4 p. m., Wednesday, April 10, 1918. Both are of Washington C. H., O., where they are favorites among a large circle of friends.

Mr. Christy is superintendent of Sears and Nichols Canning Factory. They will make their home on S. Fayette street.

Mrs. Harry Hyer and Mrs. Frank Ellis hospitably filled the role of hostesses to the Social Club at the home of Mrs. Hyer, Wednesday afternoon.

The guests spent a delightful afternoon during which dainty refreshments were served.

Mrs. D. C. Fent, of Jeffersonville, was a guest.

Mrs. Arthur Burgett gave charming entertainment to the women of the Tuesday Kensington Club this afternoon.

Quietly and without attendants at the Methodist Protestant parsonage on Dayton Avenue, Miss Francis A. Rowland and Mr. Will L. Henkle were united in marriage Thursday morning at half past nine o'clock. Rev. Lewis G. Ludwick performed the ceremony.

The bride looked beautiful in a becoming dress of midnight blue silk, with hat ensemble, and coat of batiste and grey.

Both young people are well known in this community and exceedingly popular with a host of friends who eagerly extend best wishes. They left immediately after the ceremony for a wedding trip to Columbus, Cleveland and Detroit, Mich.

After April 15th Mr. and Mrs. Henkle will be at home at the Sprenger country place, on the Wilmington pike, where Mr. Henkle, who has an established reputation as a successful agriculturist, will engage in farming and truck gardening.

The members of the Board of Education, their wives, Superintendent and Mrs. McClain, the high school faculty and the special teachers were privileged guests at a beautiful and elaborate six o'clock dinner prepared and served by the Sophomore girls of the Domestic Science class.

Thirty guests were served with a five course turkey dinner as deliciously cooked and as perfectly served as the most exacting could desire.

The entire dinner was a gratifying proof of the benefits resulting from the Domestic Science training.

The table was lovely with baskets of Spring flowers and a yellow and white color scheme daintily carried out.

The pretty waitresses wore white gowns. They were Misses Mary Hannah Bliss, Lucile Boyer, Mary Brown, Mindonna Dabe, Marcella Griffith, Hazel Jacobs, Opal Michael, Faye Nelson, Marion Whelpley. The remaining Sophomore hostesses, who were equally active in the preparation of the dinner, were Misses Margaret Christopher, Ercell Crispin, Eliza Horney, Eleanor Jones, Thelma Marchant, Florence and Mary Robinson, Pauline Taylor, Francis Willis.

The dinner was prepared during the regular class period, under the direction of the Domestic Science teacher, Miss Ruth Dow.

The East Court and Columbus Avenue group of the Methodist church held the last meeting of the year Wednesday night in the church parlors. An unusually good program had been prepared by the chairman, Mrs.

Will Reiff, and secretary, Mrs. Charles Parrett, which was followed by an enjoyable social hour and refreshments. In the election of officers, Mrs. Frank Kearney was elected secretary and Mrs. Jesse Cross chairman for the coming year.

Mrs. Parrett gave in full reports of the year's work. Much praise was given to the outgoing officers, who have successfully filled their offices, and helped to create more interest in the meetings.

Women representing the First Presbyterian Church at the Annual Spring meeting of the Chillicothe Presbytery, held in South Salem, Thursday and Friday are Mrs. Austin E. Hopkins, Corresponding Home Secretary of the Presbytery; Mrs. Joseph N. Wilson, Mrs. A. J. Walker, Mrs. John W. Wilson; Misses Mazie Kessler, Mary Pyley, Blanche Tullis, Mr. Hopkins drove the party over.

Mr. and Mrs. John Allamon are announcing the birth of a daughter at their home on S. Fayette street, Thursday morning.

Mesdames George Hitchcock, R. C. Hunt, Roy E. Brown, P. E. Wolford and Miss Jessie Leavell attended the Missionary Convention of the Episcopal Church in Xenia, Wednesday.

Mrs. Willis Jones of Mt. Sterling is visiting Mrs. Alice Moorman.

Mrs. E. J. Stroble spent Wednesday at Camp Sherman with her son Ralph.

Mr. and Mrs. Wm. A. Sparks, returned to their home in Cleveland, after a few days' visit with relatives here. Mr. Sparks was called to attend the funeral of his grandmother, Mrs. Lucinda Sparks, which occurred Sunday afternoon, but was unable to get a furlough in time to arrive sooner than Monday morning. He successfully passed examinations in the hospital school at the Naval Training Station in Newport, R. I., last week, and was transferred to the Naval Hospital in the city of Newport, where he will remain until further disposition is made.

Miss Ada Woodward is spending a few days in Cincinnati.

Misses Pauline Fletcher and Hunsicker of Williamsport, attended the Red Cross benefit dance last night.

Mr. G. S. Townsend spent Thursday in Cincinnati on business.

Mrs. Griffin Wilson, corner Fayette and Circle avenue, underwent a serious operation at the Fayette Hospital Wednesday night. Friends will be glad to learn that she is getting along as well as can be expected.

Mrs. J. E. Mark returned the first of the week from Columbus, where she had an operation performed on her eye.

Mr. and Mrs. Harry Heath, of New Holland, were guests of Mr. and Mrs. Mark Gilton, to attend the Red Cross auction and dance Wednesday night.

Miss Edith Gardner, chairman of the Surgical Dressings class, spent Thursday in Columbus to attend a meeting addressed by Mrs. Adelaide McKee, Superintendent of Lake Division headquarters.

COMES FROM SOUTH GIVES \$500 BOND

Sheriff Henry W. Jones returned Wednesday evening from Loneok, Arkansas to which place he had gone, armed with extradition papers, for David Garringer, indicted at the recent term of the Fayette County Grand Jury on a charge of non-support, and who was supposed to be in the custody of the Sheriff at that point, but who had given the Arkansas sheriff the slip and started for this city to appear before the court. He had previously declared that requisition papers would be necessary and these had been obtained.

Sheriff Jones, before leaving for Arkansas, had received assurance by wire from the Arkansas sheriff that the man would be held for him, but upon the arrival of Sheriff Jones at the Garringer home, he was informed that the man sought was on the way to this city. It developed that the county jail had been condemned and no prisoners were being held in it. Sheriff Jones reached this city Wednesday, and found that his man had arrived the previous day.

Garringer appeared before the court and furnished \$500 bond for his appearance for trial.

FARM NOTES

Government Buys Corn

Forty-one cars of seed corn have been purchased from Pennsylvania through the Ohio State University and the United States Department of Agriculture to relieve the shortage in state. The counties that had each ordered one car of corn up to the first week in April are: Champaign, Crawford, Erie, Fayette, Franklin, Greene, Henry, Logan, Lucas, Madison, Medina, Mercer, Miami, Morrow, Pickaway, Sandusky, Seneca, Shelby, Summit, Williams, and Wood.

The counties that have ordered two cars of seed each are Clark, DeKalb, Delaware, Knox, Putnam, Ross and Van Wert. Auglaize and Paulding Counties have each ordered three cars.

Soybeans With Corn

Because seed corn is scarce and much of it is below normal in quality, W. F. Bruce of the College of Agriculture, recommends that when corn is to be used for silage or to be hogged down it will be particularly advantageous this year to plant soybeans with the corn at the rate of one-half to one peck per acre.

If the corn is to be used for silage, a late-maturing and very variety of soybeans should be grown. If the corn is to be hogged down the beans should be of a short early-maturing variety. If an early variety is planted for silage, the beans are likely to be too short for harvesting and the pods are likely to be shattered. If the late-maturing variety is to be fed to the hogs, the beans will not be ripe when desired.

Every \$10,000 Liberty Bond will buy one 6-inch gun.

WOMEN ARE GIVING THEIR LIVES WITH Y. M. C. A. OVERSEAS

Women Y. M. C. A. workers in France are giving their lives for democracy no less than the boys who are serving in the trenches. The death by a German shell of Miss Marion C. Crandell, formerly of Davenport, Ia., one of the American canteen workers at Toul, has just been reported by the National War Work Council of the Y. M. C. A. Miss Crandell is the second American volunteer to sacrifice her life. The first in Y. M. C. A. service to be killed by a German air bomb was Miss Winona C. Martin, of Rockville Center, L. I. Miss Crandell had spent five years in France and spoke the language fluently. She had taught French in St. Catherine's School in Davenport for several years. Being without dependents she is said to have volunteered for service at the front as a representative of her entire family. She was 46 years of age.

The deaths of Miss Martin and Miss Crandell have not, however, caused a retreat on the part of women volunteers in Y. M. C. A. work, according to a War Work Council Report, which says that nearly 300 American women have already been assigned to this work among the Sammlies abroad. These women are already close to the firing line, so close, in fact, that they are provided with gas masks. In describing her work one of them said recently: "To get to the canteen you wade through frightful mud of the consistency of fudge before it sets. Then you stand at a counter for hours, serving hot chocolate to a crowd so dense that there isn't any time for conversation. The men want to be talked to and they wait for you to say something to them. A good many of them have been up to the front and they want to tell about it. It isn't so much what they say that is significant as what they don't say."

Blue and grey have been adopted as colors for the new Y. M. C. A. service uniform for women. The outfit includes a gray whipcord skirt and coat, a blue or gray hat, two shirtwaists, either blue or white flannel; one blue necktie, one blue woolen muffler, four canteen overall aprons, two caps and one brassard.

OBITUARY.

Walter Ray Crooks.
Walter Ray Crooks, son of William L. and Addie S. Crooks, was born near Greenfield, in Fayette County, Ohio, August 28, 1892 and departed this life at the Fayette Hospital, Washington C. H., Ohio, March 26, 1918, aged 25 years, 6 months and 28 days.

He was united in marriage to Grace Powers, September 12, 1912 by the Rev. T. W. Locke, who was pastor of Grace Church, Washington C. H., O., at that time. This marriage was a happy one and the young wife has the heartfelt sympathy of the entire community in her bereavement and sorrow.

Walter was the oldest of four children and the only son of the family. One sister and his mother have preceded through the valley of the shadow.

With the exception of one year spent in Clinton county, Ohio, he has always made his home in Fayette county, Ohio. He was a young man of clean life and character. From his youth up he lived an exemplary life and December 22, 1908, when but 16 years of age, he consecrated his life to God under the pastorate of the Rev. V. H. Rollins and united with

4000 BOOKS READY TO SEND SOLDIERS

The response of the local public to the call from the Public Library for books to send to the soldiers overseas and in the training camps has been fine and 400 books are now in readiness at the Public Library for shipment. The books donated have been in good condition and up to date in subject matter, many of them war books, there is also a large percentage of fiction—taken as a whole just the kind of books the boys want for their leisure hours.

For weeks the Librarian, Miss Elizabeth Johnson and assistant Librarian, Miss Daisy Cockerill, with the kindly assistance of friends and a few pupils from the classes of Miss Conn and Miss Haley, have been engaged in preparing the books for library circulation purposes. They are now pocketed, labeled and ready for immediate use upon arriving at their destination.

MERCHANT DIES IN CYNTHIANA

Relatives here have received word of the death of Mr. L. M. Kelly, from heart trouble, occurring Thursday morning at seven o'clock at his home in Cynthiana.

For over forty years Mr. Kelly has been the leading merchant of Cynthiana. He was a brother of Thomas Kelly, formerly of this city and numerous friends here regret to learn of his death.

CAMP WILL CONTAIN 42,000 MEN WHEN NEXT SELECTS GO

Camp Sherman is being placed in readiness for the more than 9,000 men who will reach camp during the five days beginning April 26th, and which will include 30 or 31 Fayette countians.

The new men are for the most part listed in the questionnaires in Class 1. They will be handled in the Depot brigade by Colonel Robert W. Mearns, and probably will be distributed from there to line regiments not up to war strength.

The new quota will fill the camp up to 42,000 men, the capacity for which the cantonment was constructed, if transfers are not made in the meanwhile.

All of the 6955 who recently arrived have been assigned to the First, Third, Fourth, Sixth, Eighth, Ninth, Tenth and Twelfth training battalions, of the 158th Depot brigade.

Tents have been pitched west of the 329th Infantry barracks, and part of the new draftees coming April 26th may be sheltered in tents until more barracks are built.

Every \$1,000 Liberty Bond will buy 2 machine guns or 150 woolen blankets.

2 or 3 Drops Applied in a Few Seconds—There's No Picking or Gouging. "Gets-It" Always Works!

the old, savage way. "Gets-It" is the modern, painless, simple way. Lean over and put two drops of "Gets-It" on the corn, put your stocking and shoe right on again, and forget the corn. Pain is eased. "Gets-It" has revolutionized the treatment of corns. It never irritates the true flesh. You'll stop limping on the side of your shoe, and do away with greasy salves, bandaging, blisters, thick, painful and painful methods. Use "Gets-It", it's common sense. JUST SUPPOSE THE GERMANS WIN THE WAR

If a bloody-handed Hun had your wife by the throat, and you were powerless to get at the brute, what would you talk about not being able to afford to put up anything? Would you say that you needed your money in your business? Would you smirk behind somebody else and claim that you would have to borrow the money to pay for the ammunition to kill him?

A bloody-handed Hun will have your wife by the throat, if we do not win the war. A barbarian will burn your home, perhaps with your family asleep upstairs. Every one of these boys you see, khaki-clad, upon the streets, will be murdered by the Germans if they get a chance to murder them. Are you too poor to help your government buy ammunition for these boys? Your business will not be worth a cent on the dollar if we lose this war. Your wealth will not be yours; your affairs will be turned over to the savages; you will have to work for the Germans even as the unhappy Belgians have to work for them. If Germany is allowed to make her own terms, if we do not finance the government at this time.

We can afford to win this war, no matter how much it costs. We can not afford to lose it, no matter how little it costs. If you have a dollar in the world, or can borrow one, you ought not to go to sleep until you turn it over to the government, and accept a bond in its place. You are not only a bad citizen if you fail to buy these Liberty bonds, you are a fool.

NOTABLE WORK OF TRI-STATE WOMEN

By Associated Press Dispatch.

Cleveland, O., April 11.—Women of Ohio, Indiana and Kentucky are producing 19 percent of the hospital supplies manufactured for the American Red Cross in the entire United States, according to Carl W. Fuller, director of the bureau of supplies of the Lakes Division of the Red Cross, with headquarters here.

The Lake division stands second among the fourteen Red Cross divisions of the country in the production of hospital supplies. It also stands second in the production of hospital garments, second in the production of articles for soldiers, which consist principally of knitted goods, and third in production of surgical dressings. These standings are based upon the February reports from all divisions. In February the Lake Division chapters turned out more than 3,000,000 articles worth more than \$1,015,000.

TAX RETURNS ARE COMING IN—RULE REGARDING BONDS

Tax returns are beginning to pour into the office of County Auditor Glenn M. Pine, and there is a noticeable increase over last year in the number of persons who are filling out their own taxing blanks and mailing them or taking them to the office of the county auditor. However the services of two assistants—A. J. Kearney and John Browning, is necessary to add the large number who apply at the auditor's office for assistance.

Tax listers are expected to fill out their blanks completely either with or without help, and to send no returns that are not complete. If doubt exists, assistance will be given when the tax lister applies in person at the Auditor's office.

County Auditor Pine has received notice from the State Tax Commission regarding funds invested in Liberty Loan Bonds during last year after April. Attention is called by the commission that the law provides that money invested in such bonds must be returned for the period of time it was in use before investing in the bonds.

For instance if a man invested \$1,000 or any amount, in Liberty Bonds last December, he is required to list the amount of the investment for the period of time between April, 1917 and the date of investment, although the amount invested will not be subject to taxation for the time after it has been invested.

GARDEN PRODUCE FROM UNDER SNOW

Persons with war gardens have been somewhat discouraged during the past day or two, as result of the April blizzard, but there is at least one woman in the city who has made use of her war garden regardless of the covering of six inches of snow on the ground, by pushing aside the snow and gathering a supply of spring onions of a flavor said to be unsurpassed.

The snow has done no damage to gardens whatever, regardless of the fact that in some instances some of the more hardy garden plants have appeared above ground.

The sight of flowers in bloom, standing above the surface of the snow, was another unusual sight while the snow remained upon the ground Wednesday and Thursday.

COMPANY C MEMBER WOUNDED IN FRANCE

Owen Pratt, of Company C, London, Ohio, a nephew of Susan Pratt of this city, and who also has other relatives in this county, has been wounded while in action in France, according to a report carried in the Madison County Democrat, which says:

"Bud Pratt, the Plumwood store keeper, received a telegram Sunday, announcing that his son, Owen Pratt, had been slightly wounded on April 1, while employed as an orderly with the Rainbow Division, 'somewhere in France.' He is a member of Co. C, and is the first one of this company to have been reported injured since the boys have been on the war front under the direction of General Pershing."

MORE MEN WANTED FOR HOG ISLAND

The Free Employment Bureau is still desirous of obtaining a number of men for work at the Hog Island Shipbuilding yards at Philadelphia, and such persons as can go are requested to report at once at the bureau in the court house so that they can leave with the next party from Fayette county on Friday of this week.

A number of men from this community already have placed themselves on the enrollment list and will leave this week.

WANT 20,000 MEN FOR U. S. MARINES

Cincinnati, O., April 10.

Editor The Herald:

Congress has just authorized the enlistment of twenty thousand additional men for the U. S. Marine Corps to serve for the duration of the war.

None of these men will be secured through the operation of the "Selective Service Law" therefore all enlistments must be made from volunteers.

The minimum age for enlistment is 18 years, the maximum 35 years. Registered men may be enlisted provided they are not within the current quota of their local boards.

In the past the Marine Corps was enabled, through the patriotic co-operation of the news papers, to reach its full war strength within a short time after war was declared. We again ask for this co-operation in order that the "Soldiers of the Sea" may reach their new "War Strength" at the earliest possible date.

May I therefore request that you will give the necessary space in the columns of your newspaper to the announcement that all restrictions as to numbers of men who may be enlisted have been removed and that recruiting for the Marine Corps has again been started and that a vigorous recruiting campaign is now being carried on throughout the State of Ohio. Our slogan is "One thousand men from Ohio in ninety days." We can only make good on this slogan through the active co-operation and support on the part of the newspapers. May we count on you?

Cordially yours,
L. W. PUTNAM,
Captain U. S. M. C.
Marine Corps Recruiting Officer.

DOING NOTABLE RED CROSS WORK

Miss Ethel Swope, supervisor of the contagious department of the General Hospital, received notice yesterday of her appointment as chief nurse and supervisor of one of the largest reconstruction hospitals in France under auspices of the American Red Cross. In anticipation of this appointment she resigned two weeks ago from the Cincinnati Base Hospital, the nursing unit which she organized. It was her organizing ability which obtained for her this important post. She expects to leave for the scene of her new activities early in May.—Cincinnati Enquirer.

Miss Swope is a daughter of Felix Swope of Lancaster, and a niece of A. R. Swope, of Bloomington, where she has frequently visited. She will be joined in her work in France by her sister, Mary Alice Swope, who recently resigned her position as dietitian of the General Hospital, Cincinnati, and is now in training in New York, before sailing abroad. Another sister, Miss Grace, is engaged in Y. W. C. A. work, now stationed at Jacksonville, Florida.

OFF AGAIN AND GONE ONCE MORE

The B. & O. had its share of troubles Wednesday, as the wreck crew, after being employed in this city most of the day, removing the wreckage due to No. 98 through freight crashing into a cut of cars, being switched to another point, in the local yards, was summoned to Mt. Sterling by another freight wreck where five cars were off the track and one car was broken in two.

The wreck crew worked all night on the wreck at Mt. Sterling, and returned to this city Thursday morning, about seven o'clock, later going to Chillicothe with two dead engines, one of which was picked up at this point and one other at Mt. Sterling or some intermediate point.

The wreck in this city was even more severe than at first believed, as the freight engine was very badly damaged and will require extensive repairs.

MANY FARMERS ARE "STUNG" ON CORN

Tests made by Supt. O. S. Nelson show that many Fayette county farmers who have purchased high priced corn in adjoining counties that "looked good" and had not been thoroughly tested, have purchased corn of no greater germinating power than the average corn in this county.

One farmer who purchased some Waverly corn at \$8 per bushel found that 26 grains out of a total of 400 would germinate. Other tests for various farmers who had purchased corn that was not guaranteed, showed the corn was absolutely worthless for seed purposes.

Farmers, whether they have purchased so-called good seed corn elsewhere or have apparently good seed corn saved from their own crop, are urged to make ear tests and only ears showing proper germination.

For Cause and Country

At no time during the war has the importance of wheat been greater than at this moment. Every ounce of saved wheat is a contribution to our fighting forces. Never before has it been so possible for the civilian to lend such direct and vital aid to his cause.

Direct orders for the family should be formulated by every patriotic housekeeper. In place of bread for dinner she should demand of her household that they eat more potatoes, or—for variety—rice, as a vegetable, or hominy grits.

Breakfast should begin the day not by the breaking of bread but by the serving of oatmeal, cornmeal mush, or prepared non-wheat products. And the housewife must serve these breakfast cereals not apart from the eggs or coffee, but with them, so that the lack of bread will be met quite obviously.

At luncheon, any bread served should be quite wheatless, and if potatoes are served, bread can be easily omitted.

These are only a few of the ways that can be found by the housekeeper who wants to eliminate wheat entirely from her menu, and so make a high contribution to cause and country.

RED CROSS FAMILY REMEDIES

Many able Chemists and Doctors were called into service in perfecting this line of Red Cross Remedies.

This is an age of Specialists, and while one may have distinguished achievements to his credit in one particular line, another is excelling in something else. That very thing makes it possible for us to have a Red Cross Remedy for each ailment, and enables us to give the consumer more than we promise or charge for.

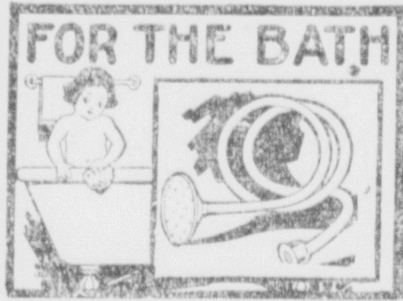

Each formula is compounded with as much care and precision as if our entire success depended upon that one Remedy. That's why NEUROTONE repairs shattered nerves, and Red Cross STONE KIDNEY and BUCHU puts your kidneys in a normal and healthy condition.

Red Cross Remedies are not Patent Medicines. The formula is printed on each carton in plain English, so that you know what they are composed of and what you are taking. More than one hundred Red Cross Remedies and Toilet Preparations are sold and guaranteed only by
